Overview

K. Vishnu Sharma is a Partner at TAG Group, advising CFOs and finance leadership teams on reporting integrity, audit readiness and finance operating models. He brings senior controllership experience from large listed and multinational organisations, including leading British companies and Fortune 100 technology groups, across financial reporting, close governance, ICFR/SOX and ERP-led transformation.

His advisory strength is CFO-level oversight: disciplined reporting, audit-ready controls and practical, dependable execution during growth, transformation or transition.
