

SERVICE PORTFOLIO · FLAGSHIP CAPABILITY

Global Transfer Pricing

Global transfer pricing documentation and economic analysis, prepared from India for multinational groups and overseas advisory firms.

Service proposition

Transfer pricing is increasingly a multi-country exercise that rewards central coordination. TAG prepares Local File, Master File and multi-country documentation from a single Indian delivery hub — with common information requests, defined review milestones and jurisdiction-specific adaptation. We serve corporate groups directly, co-source with advisers, and offer white-label support for overseas firms.

When you need us — and who it's for

Business situations that trigger the need

- Your group needs consistent documentation across several jurisdictions
- An overseas advisory firm needs a reliable India-based TP delivery partner
- Intercompany pricing policies need design, implementation or annual updates
- Benchmarking, FAR analysis or method selection is required for new arrangements
- Documentation must be defensible against multiple tax administrations
