

SERVICE PORTFOLIO · ONE-STOP ESTABLISHMENT

India Entry: One-Stop Business Establishment

Your single coordinating partner to plan, establish and run a business in India — strategy, incorporation, tax, finance, HR, IT, premises and operations, end to end.

Service proposition

Entering India means navigating strategy, incorporation, tax, finance, hiring, technology and premises at once — usually across many vendors. TAG Group replaces that with one accountable interface that takes you from feasibility to a fully running operation, and then to a smooth hand-over to your own team. Each workstream is led by a dedicated partner, so you get specialist depth with single-point coordination.
