

SERVICE PORTFOLIO · INTERNATIONAL DESKS

International Business

Dedicated country desks for the UAE, Singapore & Malaysia and Mauritius — with the United States coming soon — coordinated from India by one accountable team.

Service proposition

Operating across borders multiplies tax, regulatory and operational complexity. TAG Group meets it through dedicated international desks: each pairs our India-side capability in tax, transfer pricing, finance and compliance with on-ground expertise in the market, delivered with established local partners — Taxepolis International FZCO in the UAE, S&A Consulting in Singapore and Malaysia, and Fideco Global Business Services in Mauritius. A US Desk is coming soon; our Global Capability Centre already delivers finance & accounting for US-based businesses. Whether you are an Indian business expanding abroad or an international group engaging with India, you work with a single coordinating team that understands both sides of the corridor — so entry, structuring, tax, accounting, payroll and compliance move together, without managing multiple vendors across time zones.
