Ishita Sharma

Human Resources & Organisation Capability · Gurugram, India

Overview

Ishita leads TAG Group's Human Capital & HR practice. Across 15+ years building and running the people function for a listed manufacturing enterprise, she has shaped how a large, dispersed organisation hires, learns and performs — owning learning strategy, talent acquisition, HR operations and analytics at PAN-India scale. She brings that operator's perspective to clients: HR systems that are measurable, compliant and built to scale, rather than policies on paper.
