

## TRANSACTION ADVISORY

# Deals, Valuation & Transaction Support

M&A, due diligence, valuation and transaction support across the deal lifecycle — without regulated capital-market intermediation.

## Overview

Transactions succeed or fail on preparation and discipline. TAG supports buy-side and sell-side transactions with structuring, diligence, valuation and project management — bringing tax, finance and legal-coordination expertise to the table so decisions are made on clear information.

## Scope of assistance

### Transaction advisory

- M&A strategy and transaction advisory
- Transaction structuring and restructuring
- Buy-side and sell-side transaction support
- Deal negotiation support
- Transaction documentation review

### Diligence

- Financial and tax due diligence
- Legal and secretarial due diligence coordination
- Data-room and transaction-project management

### Valuation

- Business and equity valuation
- Intangible and complex-security valuation
- Financial modelling and scenario analysis
- ESOP structuring and valuation

### Structuring & integration

- Corporate restructuring
- Joint ventures and shareholder arrangements
- Post-deal integration
- IPO readiness and finance-process preparedness

## Typical deliverables

- Due diligence reports (financial & tax)
- Valuation reports and models
- Deal structuring notes
- Data-room and transaction management
- Restructuring and JV documentation support
- IPO-readiness assessments

## Experience

Valuation is led by a CFA, FRM and Registered Valuer with 15+ years across business, intangible and complex-security valuation for global clients. Transaction experience spans 6+ acquisitions, 4+ divestitures and 3+ mergers, and support for QIP, bond issuance and acquisition due diligence.
