

## CROSS-BORDER &amp; OUTBOUND

# International Business

Support for Indian businesses investing abroad and multinational groups operating across jurisdictions, through TAG's international network.

## Overview

Operating across borders multiplies tax, regulatory and operational complexity. TAG helps Indian businesses expand outbound and helps multinational groups coordinate across jurisdictions — combining India-side capability with an international network of local partners and associates.

## Scope of assistance

### Core international services

- Overseas market-entry assessment
- Entity and operating-structure evaluation
- Tax and regulatory coordination
- Accounting and corporate compliance
- Transfer pricing and intercompany arrangements
- Payroll and employment support
- Banking and remittance coordination
- Cross-border transaction support
- International finance and reporting
- Local professional and commercial introductions
- Ongoing multi-country compliance coordination

## Typical deliverables

- Overseas market-entry assessments
- Entity & structure evaluations
- Cross-border tax & regulatory coordination
- Multi-country compliance calendars
- Intercompany and TP arrangements
- Local partner introductions

## Experience

Delivered through TAG Group's international network across the UAE, Singapore, Malaysia and Mauritius, coordinated from India and connected to trusted local professionals in each market. See the International Business section for territory-specific contacts.
